

# 2025 Sponsorship Impact & Opportunities

## Our Mission:

We harness the power of our community to grow organic vegetables and give them to those in need while practicing, teaching, and promoting climate-friendly farming.

# Your Sponsorship helps to...

## Build Food Security in Maine

- We grow 80+ cultivars of organic vegetables, including culturally appropriate crops, to ensure our recipients have access to foods that align with their nutritional needs, traditions, and preferences.
- We provide fresh, nutrient-dense produce to over 30 food-access sites spanning seven Maine counties.
- We donate ~10,000 - 16,000 lbs of fresh, organic produce annually, that's ~8,333 - 13,333 meals for people facing hunger.

## Expand Our Educational Programming

- We provide hands-on learning experiences that teach sustainable agriculture and equitable food systems to youth, volunteers, interns, businesses, and other community members.
- We host The Farm Skills training program, where participants gain farming experience and job skills while contributing to our mission.
- We create opportunities to foster inclusive conversations about the intersection of food, culture, and community well-being.

## Invest in Organic Vegetable Production & Climate-Friendly Farming

- We practice regenerative farming methods like no-till cultivation, cover cropping, and biochar use to combat climate change and enhance soil health.
- We've created a sustainable farming model that contributes to biodiversity with pollinator-friendly habitats, native plantings, and heirloom seed preservation.

# Your Sponsorship Benefits

	Community Cultivator \$5,000+	Barn Raiser \$2,500	Farmer \$1,500	Harvester \$1,000	Gardener \$500	Planter \$250

# Your Support Makes a Difference.

In August, 2024 we reached a major milestone: donating 100,000 pounds of organic produce to Mainers experiencing food insecurity since our founding in 2017—equivalent to more than 83,000 meals.
